Happy Friday Downtown School Families!

I hope you are spending your holiday weekend with friends and family!

There have been some questions regarding our new playground zones. These zones were set up with specific activities designed for each zone so students had more to do at recess. By keeping the activities in different zones, our hope was that some of the more physical play such as basketball, jump rope, and tag would not interfere with other activities. Our students want to play tag and we do allow that, but for the safety of all, it has to be played in a specific zone. We will review the zones again with the students so we can reinforce appropriate playground behavior. We would love to extend our playground, but we need your help volunteering to help supervise. Please see the links below to sign up.

Recess: <http://vols.pt/SA5z3K>

Lunch: [Please sign up for Lunch Monitoring on VolunteerSpot today!](#)
